January 2022

Elm Class Curriculum Letter – Spring 1

Dear parents,

Happy New Year! I hope that you all had a lovely break.

I would just like to take this opportunity to again say how proud I am of the children's performance of Whoops-a-Daisy Angel. It was such a great way to start the festive season!

This half term, Elm Class will be learning the following in DT, Science and Geography:

DT – Stable Structures. We will look at how to make stable structures through the theme of dragons!

Geography – The UK. The children will be learning the 4 countries of the UK and their capital cities, as well as comparing the differences between towns, cities and the countryside in the UK and how places in the UK differ from a location in another country.

Science – Materials. In Science we will be looking at materials and their properties. The children will have the opportunity to work on their science enquiry skills by carrying out investigations.

Home Learning

Home learning sheets will continue to come home on a Friday, starting again this week. Before Christmas, the children took part in Year One Common Exception Word Assessments and will be bringing home focus words to practise at the end of this week. Books will continue to be changed any day of the week once it has been read 3 times. Please remember if you have any questions to email or speak in person at the beginning or end of the day, as it is not always the class teacher who exchanges the books in the mornings, therefore notes in reading records will not always be read.

Tapestry

If you have not yet activated your parent Tapestry account (the KS1&KS2 account), please let me know as we post regular learning updates.

Be the best that you can be.

Emotion Coaching
Organisation

PE

Just a quick reminder that PE days this half term are **Tuesdays and Fridays**. The children will be developing their gymnastic and dance skills over the next few weeks. Both these sessions are indoors.

We are really looking forward to another busy and exciting half term full of new learning experiences.

Please do not hesitate to contact the Elm mailbox, catch me on the gate or at the class door if you have any queries.

Thank you for your continued support,

Miss Millard
