

# Recycled Art

## Knowledge Organiser

### Year 4

#### Key Vocabulary

- Recycling
- Reduce
- Reuse
- Recycle
- Natural
- Man made
- Sculpture
- Printing
- Drawing

#### What will we be learning in this topic?

In this topic we will be learning about recycled art and great artists, architects and designers in history who our known for their recycled art work. We will use our sketch books to record our observations and use these to review and revisit ideas. We will be developing our art and design techniques, including drawing, painting and sculpture with a range of materials [for example, pencil, charcoal, paint].

#### What is recycling?

Recycling means making rubbish into something new. Every time you throw something away it gets sent to a landfill.

#### Sculpture

In this topic children will be creating their own sculptures using recycled materials.

#### What is recycled art?

Recycled art is creative work that's made from discarded materials that once had another purpose. This includes anything from old plastic toys, vehicle tires to general household recycling.

#### Fabulous facts!

- The glass we recycle in the UK each year saves enough energy to launch 10 space shuttle missions.
- Each UK household produces over 1 tonne of waste per year. This is the weight of a small car.
