The table is a workspace for textile arts. On the left, there's a loom with blue threads for weaving. In the center, a blue placemat with a grid pattern has a white starfish and a fish design. To the right, a white paper design sheet shows various sea creature patterns like a starfish, a crab, and a shell. Further right, two small square batik coasters with intricate white patterns on a blue background are shown. At the bottom left, three small bowls contain pink, blue, and green powders labeled as dye. In the bottom center is a white candle labeled as wax. At the bottom right is a wooden canting tool with a metal tip. The Twinkl logo and website URL are at the bottom center.
