## Knowledge Organiser

Year 2

# Ways to use your knowledge

## organiser at home

Knowledge Organisers have some important information that you will need for your topic. Below are some ideas for how you can use your knowledge organiser at home.

1. Look up your key vocabulary using a dictionary to find out what each of the words mean and put them into sentences.
2. **LOOK, SAY, COVER, WRITE, CHECK** – Read a specific part from the knowledge organiser, read out loud the information, cover the information, write out everything you can remember! Then, check it is correct.
3. Draw everything you can remember from the knowledge organiser in picture form.
4. Mind map- write everything you know about your topic.
5. Write a quiz and answer- construct quiz questions from the information in the knowledge organiser and see if you can get a family member to take part.
6. Draw out diagrams of key terms (where possible) and label them.
7. Create an art image linked to the topic.
8. Write a short information text about your topic.
